Icons created with Folder Icon X Version 3.0.2 , <http://www.naratt.com/FolderIconX.html>

Directions for using the MAC OSX Folder Icons:

Select the icon file you want to use. Press Command-I to bring up the Information panel. In the upper right of the Information Panel click on the icon once. You should see a gray border around the icon. Press Command-C to copy the icon. Do NOT close the Information panel. Select the file or folder that you want to customize. Press Command-I to bring up the Information panel again. In the upper right of the Information Panel click on the icon once. Press Command-V to paste the new icon.

Mac Wallpaper Images:

Select the Apple menu in the left hand corner of your screen and open your system preferences. Under system preferences select Desktop & Screensavers. Click on the desktop button and select choose folder. After selecting choose folder navigate to the Spring_Friends_LittleRainey folder and then click the choose button to load the desktop images.
